All Seasons Resort

Job Title: Maintenance Attendant

Division: Property

Department: Maintenance

Responsible To: Maintenance Manager

Role Summary

The Maintenance Attendant is responsible for performing general building and property maintenance. They will maintain HVAC (heating, ventilation, and air conditioning), electrical, plumbing and mechanical systems and equipment. This role is responsible for performing highly diversified duties to install, troubleshoot, repair and maintain facility property and equipment according to safety, predictive and productive maintenance systems and processes.

The Maintenance Attendant is responsible for both a reactive and proactive, multi-skilled maintenance service on all operational equipment and facilities infrastructure.

Responsibilities

- Perform highly diversified duties to install and maintain Resort facilities and equipment
- Provide emergency/unscheduled repairs of facilities and equipment
- Perform mechanic skills including, but not limited to, mechanical, electrical, pneumatic, hydraulic, troubleshooting and repair of production machines
- Read and interpret equipment manuals and work orders to perform required maintenance and service
- Detect faulty operations, defective material and report those and any unusual situations to proper supervision
- Involved in all aspects of building maintenance requirements for all new construction, renovations or updates to current systems
- Update project information and maintain project files
- Organize drawings and prepare drawing packages to support project activity
- Set priorities for preventative maintenance work orders, maintenance requisitions and scheduled work
- Prepare, paint and decorate interior and exterior surfaces as required
- Perform minor construction work, e.g., dismantling and erecting walls, finish carpentry work, pouring concrete, etc.
- Troubleshoot, repair, install, and maintain various electrical components, appliances and equipment in accordance with pertinent codes, the preventative maintenance program and departmental procedures
- Perform scheduled preventative maintenance checks of all electrical alarms
- Troubleshoot, install, and repair plumbing fixtures, piping, and related equipment
- Perform necessary work to open clogged sewer lines
- Maintain an adequate supply of hot water at the correct temperature

FRIDAY HARBOUR™

All Seasons Resort

- Perform mechanical and preventative maintenance work on equipment as per preventative maintenance manual, e.g., circulating pumps, air handling systems, and refrigeration etc.
- Diagnose problems, replace or repair parts, test and adjust
- Operates light automotive or power equipment, works with tools, ladders, and maintenance supplies as directed
- Runs errands, picks up and delivers supplies, equipment, and materials as needed
- Reports accidents, vandalism, thefts and unsafe conditions to the Maintenance Manager
- Completes all daily maintenance requests and reports any unfinished work to Maintenance Manager
- Inspects all equipment for proper functioning on a regular basis
- Supports facility maintenance inspection processes and forwards feedback to Maintenance Manager
- Operation of elevated work platforms and forklifts
- Must wear protective safety equipment, including (at a minimum) closed-toed shoes, belted pants, and proper campus identification
- Compliance with all safety regulations of assigned tasks, and ensure a clean and safe working environment with active participation in the health and safety program
- Adhere to all environmental policies and programs as required
- Other duties as assigned

Competencies

- Business acumen and positive mindset
- Communication/logistics management
- Organizational effectiveness
- Results oriented relationship builder
- Independent but collaborative when necessary

Characteristics

- High energy, passionate and resilient
- Game changer/high impact team player/unfazed by change or adversity
- Humble and good sense of humour
- Executive maturity, professionalism and presence
- Smart, courageous, leader

Requirements

- Any formal maintenance training or trade certification is an asset.
- Knowledge of the materials, equipment, tools, and techniques of the standard building trades
