GOLF PROFESSIONALS

Ben Groome HEAD TEACHING PROFESSIONAL

Ben specializes in short game coaching and club fitting, combining competitive experience with a modern, athlete-focused approach to instruction. A graduate of Georgian College's Golf Facilities and Operations Management program, he went on to compete on the Vancouver Golf Tour, earning three wins in two years while learning from some of the industry's top teaching professionals. Drawing from his background as a multi-sport athlete, Ben emphasizes dynamic movement over static swing positions and tailors his coaching to each student's learning style. Using tools like Trackman radar and slow-motion video analysis, he delivers clear, precise feedback to improve performance, course management, and confidence under pressure.

Logan Warren HEAD GOLF PROFESSIONAL

A proud member of the PGA of Canada since 2017, Logan brings a thoughtful and consistent approach to coaching. By identifying each player's goals, learning style, and physical capabilities, he creates a tailored roadmap with achievable milestones. Logan then develops personalized practice routines designed to help golfers progress steadily toward both their short-and long-term objectives. He looks forward to supporting your journey to better golf.

Branson Ferrier ASSISTANT GOLF PROFESSIONAL

Since joining the PGA of Canada in 2021, Branson has combined his 9 years of professional tournament experience and 5 years of teaching expertise to deliver impactful instruction. His "keep it simple" philosophy makes him adaptable to all skill levels, and he excels at bridging the gap between the practice facility and on-course performance. Branson is excited to help you lower your scores and get more enjoyment out of every round.

ADULT PROGRAMMING

The Golf Academy at the Nest Golf Club prides itself in providing the best possible coaching and instruction to golfers of every ability. Our approach gives golfers the opportunity to achieve their individual goals while ensuring they receive the maximum enjoyment out of the game. All group programming will have a maximum student to instructor ratio of 6:1. A minimum of 3 students is required to run the program.

Spring Tune Up Clinic

The Nest Golf Academy is offering golfers a spring program that gives our students an opportunity to start their season off on the right foot. These one hour sessions will take place on Sunday mornings and focus on swing fundamentals and short game techniques.

PERFECT YOUR GAME AT THE NEST

The primary mission of the Nest Golf Club is to provide golfers of all abilities the opportunity to enjoy the game and to be given every chance to reach their full playing potential.

We are continually working to develop unique and comprehensive programming that meets the needs of all golfers, and additional Academy offerings will be introduced throughout the season.

We encourage you to connect with any of our PGA of Canada Professionals to learn more about our programs and how we can help support your improvement and enjoyment of the game.

THE POWER OF TRACKMAN TECHNOLOGY

Trackman's two radars give you all the information you need to improve your game. One radar system tracks the club before, during and after impact – including club path and face angle – while the other tracks the full ball flight, from launch to landing – including launch angle, spin rate and curvature.
