watercraft SALES

There's no better way to enjoy Lake Simcoe than to get out on the water. Buy into the boating lifestyle and explore Ontario's Lake Country like never before.

PERSONAL WATERCRAFT (PWC)

Get out on the lake for some high-speed fun on a Personal Watercraft. PWCs can accommodate up to two people and are perfect for exploring the Lake, and getting familiar with life on the water.

BOATS

We have a wide selection of boats to accommodate any adventure you desire. Our selection of boats includes pontoon boats and bowriders.

We are proud to partner with Pride Marine to offer a selection of luxury watercraft. Visit Pride at the Harbour Master Building to discuss purchasing boats and personal watercraft.

sailing LESSONS AND CHARTERS

With introductory and advanced classes for couples, adventurers, and juniors and teens, you can learn everything you need to know about sailing on Lake Simcoe with sailing lessons and charters.

CHARTERS AND CASUAL LESSONS

Friendly crew will guide you as we set sail on Lake Simcoe. Special packages include Sun Set, Fishing, Wellness, Family, Kids, Corporate, and even Private Romantic programs.

CERTIFICATE COURSES

Build basic boating skills under sail and power and develop your ability to assist in the operation of an auxiliary powered sailing vessel. Certified Sail Canada Courses will have you sailing like a pro in no time.

We are proud to partner with Sail La Vie Sailing School to offer sailing lessons and charters. Please call or email to arrange for sailing lessons or charters.

PROTECTING

lake simcoe

FRIDAY HARBOUR IS PROUD TO BE A MEMBER OF CLEAN MARINE, BOATING ONTARIO AND THE ASSOCIATION OF MARINA INDUSTRIES. THROUGH VARIOUS INITIATIVES WE STRIVE TO ENSURE WE TAKE THE BEST ENVIRONMENTAL PRACTICES TO PROTECT LAKE SIMCOE AND OUR HARBOUR.

SEABIN PROJECT

The Marina is proud to feature multiple Seabins to help contribute to the ongoing cleaning of our Marina. Each Seabin is capable of collecting plastic bags, bottles, and other material waste. They also have the ability to skim surface oil, liquid pollutants, and micro-plastics to keep our waters clean. Each individual unit in our Harbour will collect $\frac{3}{4}$ of a ton of debris annually.
